Primary Election Defined

A preliminary election to select the candidates for a principal, especially presidential, election

These occur in even-numbered years for presidential and gubernatorial elections

Each political party holds its own primary; in Hays County, the two major parties conduct their primaries jointly

Could there be a Libertarian/Green/other party primary election? In theory, yes. In practice, not in Texas.

Independents and all candidates who are still conducting an active political campaign will appear on the November ballot!

Voters in Texas do not register by party and may vote in whichever party's primary they desire

Once a selection is made, that voter is locked in only for the primary run-off that year (if one occurs)

Presiding Judges and Election Clerks Defined

Texas Election Code Title 3, Chapter 32 specifies laws regarding Presiding Judges and Election Clerks, collectively referred to as election or poll workers

§32.001, 32.006 (primaries): A presiding election judge and an alternate presiding judge shall be appointed [by Commissioners' Court] for each election precinct in which an election is held.

§32.002: Judges must be affiliated or aligned with different political parties.

§32.031: The presiding judge for each election precinct shall appoint the election clerks to assist the judge in the conduct of an election at the polling place served by the judge [for a single election only].

Need an interpreter

❖ **Anyone** that the voter designates may assist the voter (another voter, a child, anyone)

❖ These individuals may not assist the voter by law:

- The voter's employer or an agent of the employer
- Representative of the union to which the voter belongs

At the TouchPad: Checking in Voters

Place the Authority to Vote signature receipt here

Place the 2nd receipt containing the ballot style with the barcode here after it is passed to the Controller

At the TouchPad: Primary Election Key Points

- Voters must touch a political party selection on the TouchPad
- The law states you may **not** verbalize this selection
- There is no such thing as an “independent” primary
- Party affiliation slip (receipt)
 - “I am a [Democrat/Republican]”...
- Notice of political party convention
 - Contains time, date, & location

Informing Voters at Check-in

➤ If requested, show the voter how to...

Enter the access code

Mark the ballot using the *touch screen*

Use the ATI module for tactile or audio assistance *before* touching the screen

View next or previous page

Handle a write-in (if any)

Informing Voters at the Scan before They Exit the Vote Center Location

- ❖ Encourage the voter to **check & review** their ballot before casting it
- ❖ If the voter finds a problem on their ballot, tell them to **CONTACT THE ELECTIONS OFFICE**
- ❖ **NO CHANGES ARE POSSIBLE AFTER A PVR IS CAST**
- ❖ The voter can make ballot changes up to *2 times* for a total of *3 possible ballots* before casting!

Printed Vote Record (PVR)

Spoiling a PVR

- Draw an X over the QR code at the top right (looks like a maze)
- Draw a single line from the bottom corner of one side to the top corner of the other side
 - Write “SPOILED” or “VOID” in clear ink above the line
- Record the spoiled PVR on the **Register of Spoiled Ballots**

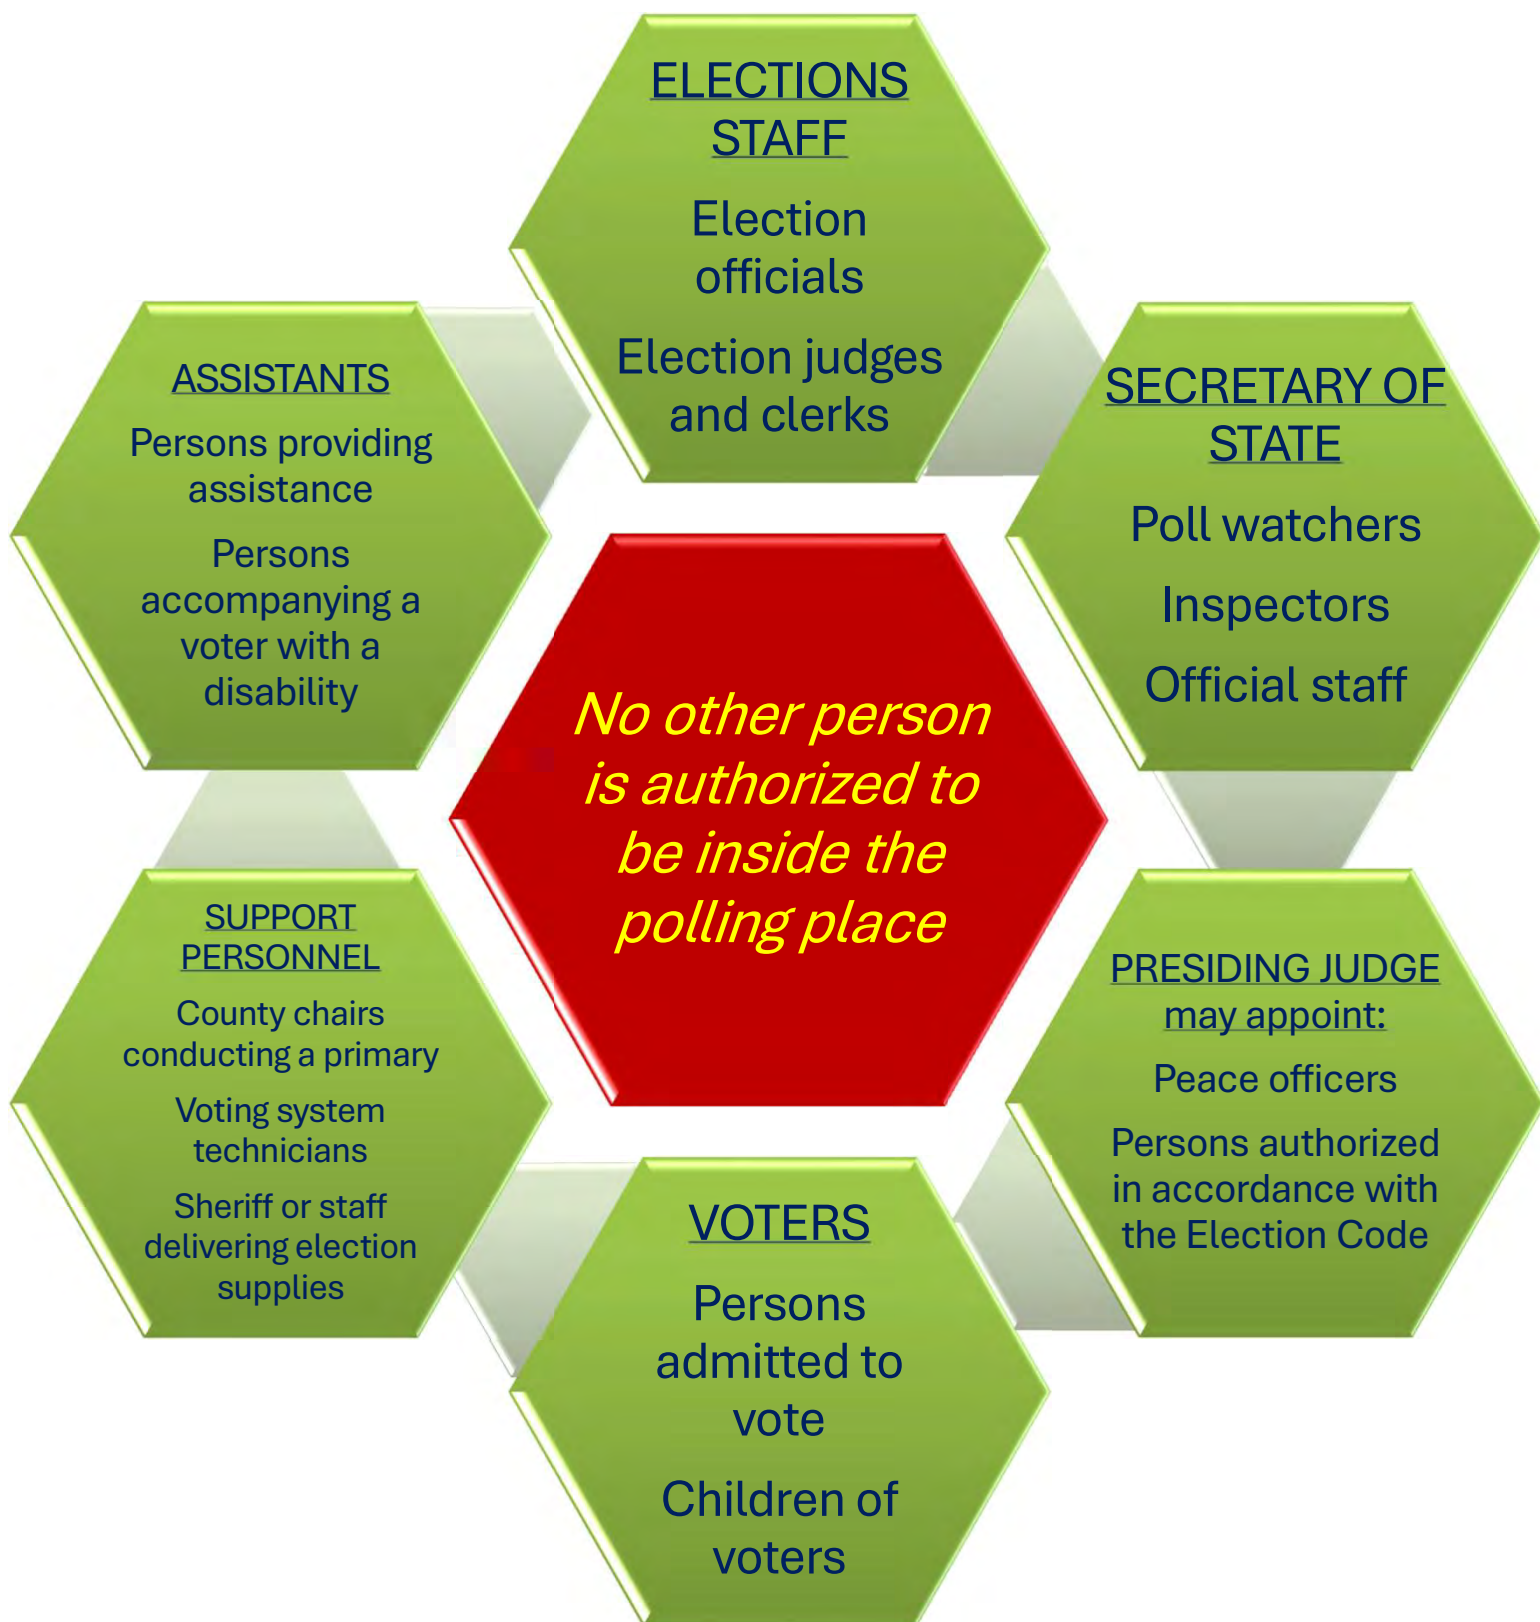

**Casting the ballot
means inserting the
paper Printed Vote
Record (PVR) into
Scan and seeing the
waving flag!**

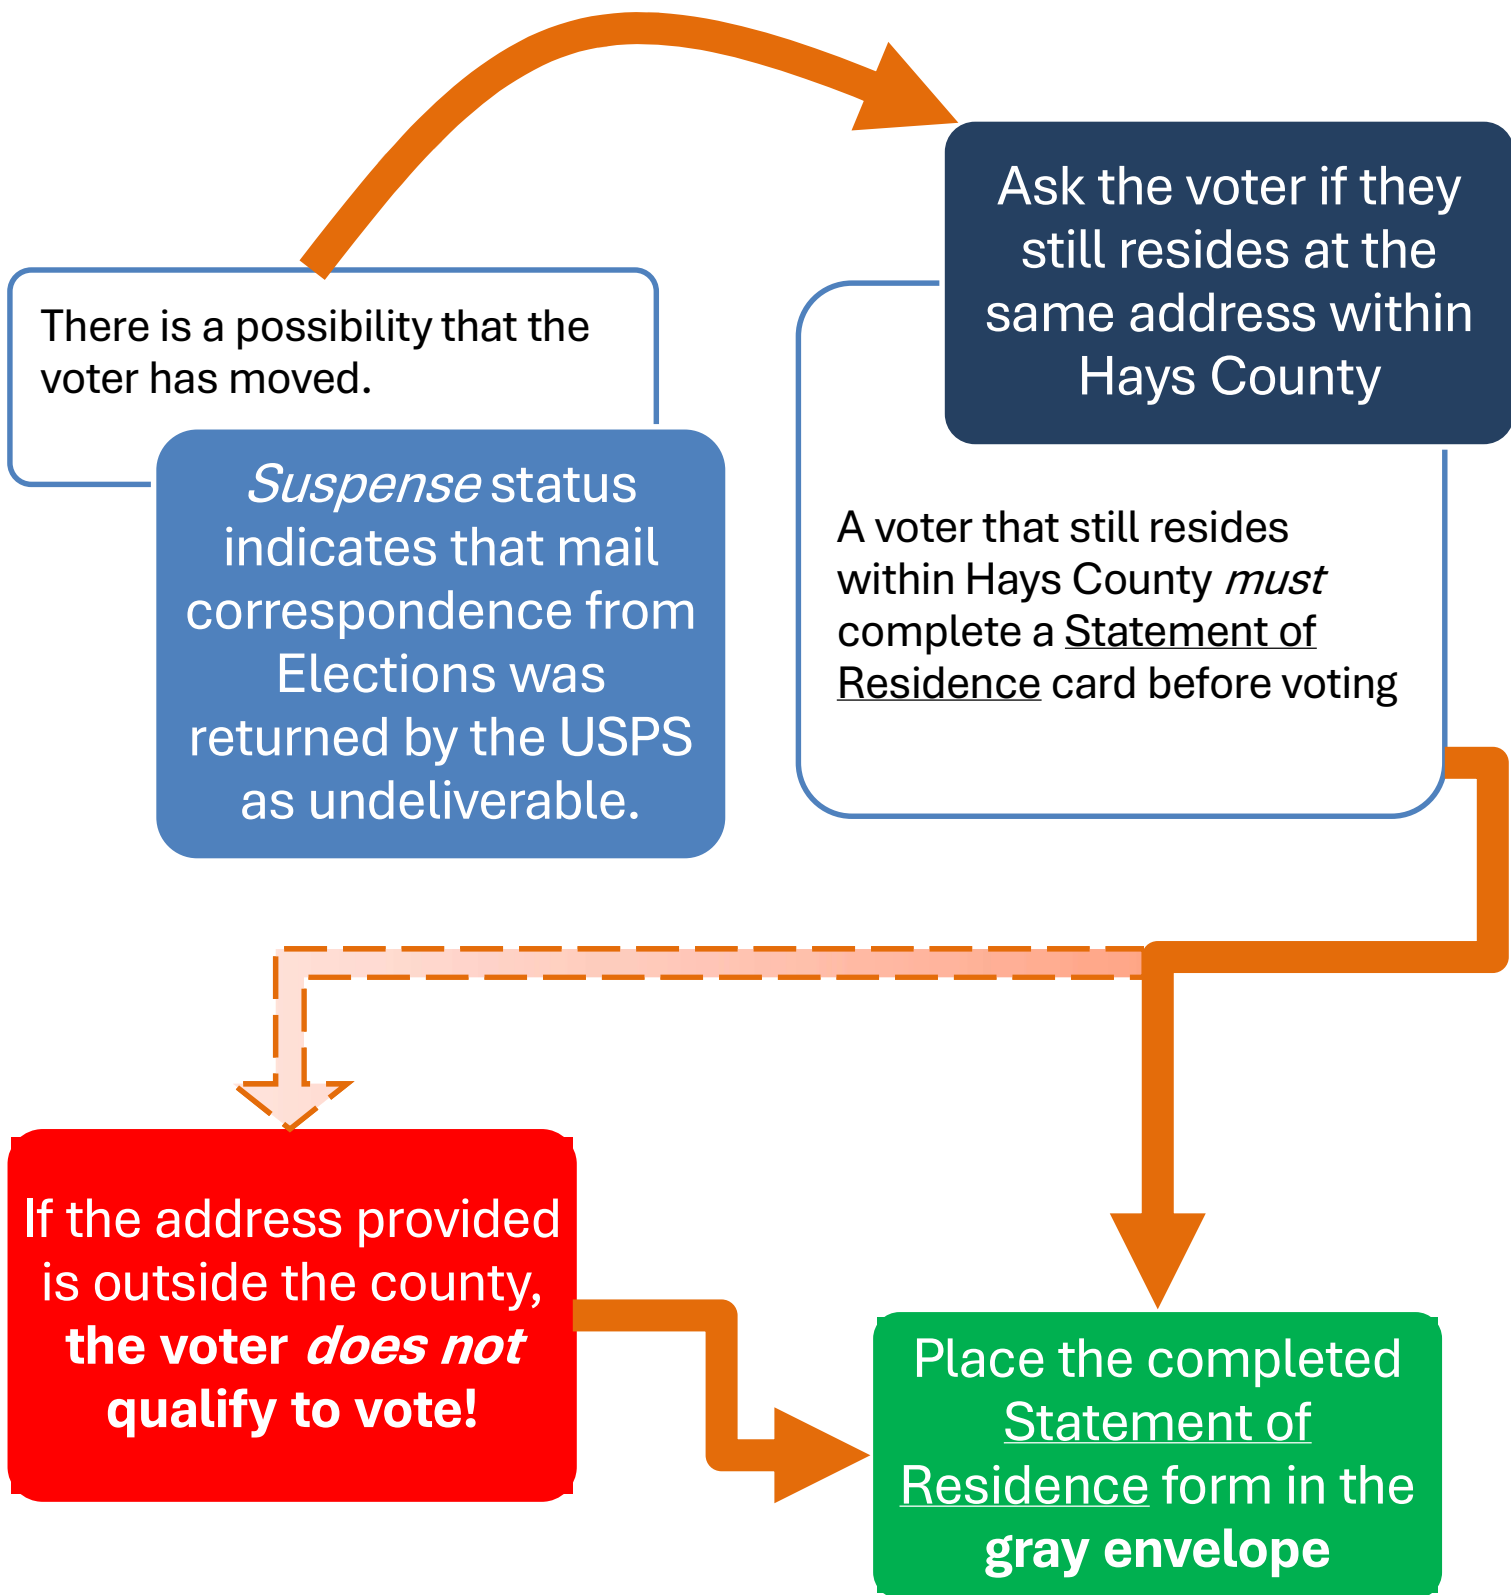

Curbside Voting

- ❖ You get to conduct the curbside process after this slideshow training
- ❖ Remember that when you are acting as the assistant for a curbside voter, you must scan the voter's Printed Vote Record (PVR) at the end of the voting day!

Persons Allowed inside the Polling Place

If the Voter Is Listed in Suspense...

Who Is Eligible to Vote Provisionally?

Voters not registered
in Hays County

Voters who don't
present photo ID

Voters who don't
surrender
their mail ballot

Limited Ballot Voters

- Voters who are currently registered elsewhere in the State of Texas (i.e. a different county) and now reside in Hays County
- A limited ballot:
 - Registers the voter in Hays County
 - Allows them to vote on contests that are common between Hays and their origin counties

Limited ballots are only possible during **Early Voting (not Election Day)** at the Elections Office!

Provisional Voters

An individual who...

- * claims to be registered and eligible to vote, but...
 - whose name does not appear on the TouchPad
 - for whom the Elections Office cannot determine registration status
- is unable to produce a required ID,
 - the 6-day cure ***only*** applies to these voters

*Ultimately, anybody who can't be confirmed as an eligible voter but ***insists on voting*** must be offered a provisional ballot!!*

Limited ballots are only possible during
Early Voting (not Election Day)!

Voter Leaves the Polling Location before Casting the Ballot

PREVENTION

- positioning the Scan near the polling room exit
- placing a clerk at the Scan to guide voters

VOTER IS STILL PRESENT

- if election official notices, they should ask the voter to come back and scan the Printed Vote Record

VOTER HAS LEFT THE BUILDING

- the ballot *must* be spoiled and placed in the spoiled ballot envelope
- be sure to document this on the reconciliation form

An election official may ***never*** scan a voter's PVR.

The **one** exception is **curbside ballots** that were not cast by the voter's assistant.

Please don't forget to scan them **by the end of the same day they were voted!**

TO KEEP IN MIND...

Best Practices for Ballot Security and Chain of Custody

- **Place ballots fanned out on check-in table**
 - *No more than 15 at a time*
- **Sign no more than 20 at a time (Judge's Signature)**
- **Lock ballots and seal in red ballot bag and return with your paperwork to Election Office at the end of Election Day.**
 - *This amount should be documented on your Ballot and Seal Certificate.*
- **Scanner Ballot Box should have seals on all doors**
 - *Please **DO NOT** remove the red seal on the emergency flap unless told to do so by the Election Office.*
- **All seals should be documented on your Seal Log at the beginning of the day and replaced and logged at the end of the day before returning to the Election Office.**
 - *Gray cart should also be sealed.*
 - *Please break down ballot box and return to the cart before leaving the polling location.*
 - *Video available on ballot box breakdown procedure*
- **Two sets of eyes on everything!**
 - *Includes poll watchers if they're present.*
- **Two people of differing parties return to Election Office at the end of Early Voting.**

OPENING POLLS

1. First you will confirm that the **Seals** that are attached to the handles of the devices match the SEAL LOG. The Judge (or head clerk) will initial it. Remove and store the seals in the main envelope.
 - a. **For 1st day of EARLY VOTING and ELECTION DAY ONLY:**
Make sure to unlock the Ballot Box and make sure that the Ballot Box and PVR bag are empty.
 - i. Relock and reseal the Ballot Box door. Record on the Seal Log.

IMPORTANT: Only unlock the front two locks.

DO NOT REMOVE THE RED EMERGENCY SLOT SEAL.

2. You must OPEN POLLS on the first day of Early Voting and on Election Day. On any other day of Early Voting, you will follow the REOPENING SUSPENDED POLLS instructions at the end of these instructions.

3. Open the cases and lock the lid brace in place.

IMPORTANT: Never tilt a device up by the handle while cords are connected – this can damage the cord where it connects to the device, or cause damage to the device itself.

4. Next you may need to Unlock (A) the Tablet before Unlatching (B) and Removing (C) it.

5. Seat the Tablet in the Cradle (A), Tilt it back (B), and Lock it in place (C).

6. Double check that all the devices' power cords are plugged into surge protectors and that all the devices (except Scan) are properly daisy chained.

7. On the Controller, connect the Barcode Reader to the USB port located above the report printer.

8. Press the red button on the back of all devices to power them on.

9. The Verity Duos will temporarily display a Power-On Self-Test. They may also display *Controller Not Found*, this should go away after you open polls on the Controller.

** This can largely be avoided by fully turning on your Controller before powering on your Duos. **
