

# Open Weekly!

Friday 12pm - 3:30pm

Saturday 8am - 12pm

## Traffic Yard

630 E. Hopkins, San Marcos, TX

(Entrance is on Hopkins across from the big HEB)

## What is Household Hazardous Waste (HHW)?

HHW is chemical or solid waste resulting from the maintenance of a home, yard, or vehicle.

### Common key words on HHW products:

- Harmful to humans, animals, or environment
- Danger, warning, caution, poisonous, corrosive, toxic, or flammable

HHW can contaminate water, soil, and air if not disposed properly. For safety, health, and environmental reasons, it is illegal to dispose of HHW in the garbage, sewers, or down household or storm drains.

### Tips for managing HHW in your home:

- Buy only what you need
- Consider using alternative, non-hazardous products ([Ecocycle.org/hazwaste/ecofriendly-cleaning](http://Ecocycle.org/hazwaste/ecofriendly-cleaning))
- Use an online paint calculator for painting projects

Please visit the Texas Comission on Environmental Quality website for additional HHW information.
