## WEEKLY JAIL POPULATION

Maximum Jail capacity 362

Jail Standards recommends 10% open beds for classification purpose. That is roughly 35 beds of the 362. This allows us to manage different categories of inmates: MALE v FEMALE OR MINIMUM v MAXIMUM.

Minus 4 infirmary beds and 14 segregation cells our real number is 311.

### Week of 7/14/13 - 7/20/13

Maximum female capacity is 56 last week average was **43** and peak was **46**.

Maximum male capacity is 276 last week average was **273** and peak was **279**.

The peak high last week was **323** total.
