SUMMARY

: Nabi LLC is proposing an OSSF to serve a 12000 square foot commercial building which includes a meat market, convenience store, fast food restaurant, and offices at 798 High Rd in Precinct 1. This property is 18.17 acres. Water will be supplied by Public Water Supply. This OSSF is a non-standard treatment system in which the effluent will be pumped to low pressure dosed dispersal fields. The system is designed for a maximum of 3000 gpd. The system designer, Stan Burrier, P.E. has designed a treatment system which consists of a 6000 gallon grease trap, 2000 gallon pretreatment tank, 6000 gallon equalization tank, and 8 1000 gallon/day aerobic treatment units. This permit was approved in October, 2012 but it expired before the owner could start on it.
