Approving the ad valorem tax rate of \$0.5335 per \$100 valuation in the City of Austin for the current year, a rate that is \$0.0875 higher per \$100 valuation than the voter-approval tax rate of the City of Austin, for the purpose of providing funds for a citywide traffic-easing rapid transit system known as Project Connect, to address traffic congestion, expand service for essential workers, reduce climate change emissions, decrease traffic fatalities, create jobs, and provide access to schools, health care, jobs and the airport; to include neighborhood supportive affordable housing investments along transit corridors and a fixed rail and bus rapid transit system, including associated road, sidewalk, bike, and street lighting improvements, park and ride hubs, on-demand neighborhood circulator shuttles, and improved access for seniors and persons with disabilities; to be operated by the Capital Metropolitan Transportation Authority, expending its funds to build, operate and maintain the fixed rail and bus rapid transit system; the additional revenue raised by the tax rate is to be dedicated by the City to an independent board to oversee and finance the acquisition, construction, equipping, and operations and maintenance of the rapid transit system by providing funds for loans and grants to develop or expand transportation within the City, and to finance the transit-supportive anti-displacement strategies related to Project Connect. Last year, the ad valorem tax rate in the City of Austin was \$0.4431 per \$100 valuation.
